EMPTY CONVERSATIONS: DEAR DAD (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Have you ever lost your father and was close to him as I was? This book marks my father s tenth year, anniversary of his death. He had committed suicide, a terrible choice, I know. And this book contains my "Dear Dad, letters" of things I would have liked to say to him from time to time in the last decade. Many of us who have shared losing a parent, attempt to move on in life, but there are so many things new and satisfying, that we all wanted to share the feeling of aspiration with our closest parent that had truly understood us - for what we are as human beings, and the father son relationship. My dad was my dearest, and truest friend. He was always there for me no matter the circumstances, and now he is not. This book is based on what he has missed out on in the passed decade, and what my emotions towards him are like as of now. You may not read this material out of spite, but you may cry and connect with me on some emotional based-level if you do!.
