iUniverse, United States, 2007. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. WARNING: The Believer General has determined that reading this book could be harmful to your faith. After exhaustive investigation, it has been determined that Wonderful Wawa is neither a being of this earth nor a god, but a secret agent of the LIA: the Lunatic Intelligence Agency, for you humans out there. The LIA is an elite arm of the government of planet Lunacy, a world that orbits a very small sun situated behind Antares and hidden from Earthlings. Wonderful Wawa arrived on Earth in a womb-shaped spaceship and implanted into a human female, camouflaging himself as a fellow human being. His only mission: infiltrate as many earthly institutions as possible to spread the seeds of the Lunatic philosophy. As Earthling Buehl Sheadt follows Wawa s every move in this provocative fantasy, thus begins the strangest part of Sheadt s life. He dutifully chronicles how Wawa reaches his wise and witty conclusions through many years of dedicated soul-searching. With his scribe in tow, Wawa continues to expound his theories-befriending some and offending many-while always maintaining the unique position of a casually interested onlooker in life. Enjoy this irreverent collection of tongue-in-cheek philosophical musings from an itinerant wise man, on everything from circumcision to Communism, and a multitude of subjects in between.
