THE PROSPECTS OF INDUSTRIAL CIVILIZATION (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.First published in 1923, *The Prospects of Industrial Civilization* is considered the most ambitious of Bertrand Russell's works on modern society. It offers a rare glimpse into often-ignored subtleties of his political thought and in it he argues that industrialism is a threat to human freedom, since it is fundamentally linked with nationalism. His proposal for one government for the whole world as the ultimate solution, along with his argument that the global village and prevailing political democracy should be its eventual results, is both provocative and thoroughly engaging.
