CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 124 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. In the first 3 books of the Bad Good Bad series, we followed Kim, a young hacker and skateboarder, and her friends, as they created by accident the first true AI. Neocuris provides patient support through a revolutionary brain implant. With more than a million brains connected, Neocuris became a powerful entity, and a prized target, in the context of global information warfare. In this 4th book, a copycat of their AI surfaces, and what it has in store for humanity is a symphony of destruction and death. Humanity is facing an accelerated demise of the earth and extinction is slowly becoming more than a remote possibility. Follow Kim again in this roller coaster of unexpected turns and eye opening, dark realizations about the future of humanity. A future which could be compromised. You can read this 4th book first, then read the first 3 books, consolidated into one Special Edition, in which you will find the main characters and the science behind Neocuris and the chip explained. This item ships from La Vergne, TN. Paperback.
